

Fifth Week against the Apartheid Wall: 9th - 16th November 2007

1947 -2007:

Our Struggle Continues, Our Liberation Will Come

The Fifth Week against the Apartheid Wall – called for by the Palestinian Grassroots Anti-Apartheid Wall Campaign and its popular committees – marks 60 years of our dispossession and our human quest for liberation.

We call on the world to take action from November 9 – 16 to raise awareness of the global silence and complicity with the occupation of our land and ethnic cleansing of our people and to join the movement for boycott, divestment and sanctions.

1947: On November 29, against the very principle of self-determination, the UN resolved on the plan for the partition of Palestine under UN resolution 181. This paved the way for our *Nakba* (catastrophe) that led to the destruction of over 500 Palestinian villages and the transformation of the majority of the Palestinian people into refugees.

This opened the path for the continuous expulsion and systematic discrimination against our people and the relentless colonization of our land. Apartheid Israel today keeps full control over all of historic Palestine while we are imprisoned behind eight meter high walls.

2007: The Zionist walls – fragmenting the West Bank, encaging Gaza and ghettoizing Palestinians within the Green Line – are the cornerstones of the Zionist plans to drive us from our land. They stand as proof of international silence and complicity with Israeli policies and crimes. They are warning signs that our resistance must not abate and that your action is more urgently needed now than ever.

**As Palestinians we will escalate resistance once again during
the Week against the Apartheid Wall - November 9 - 16.
We know that continued struggle is our only hope.**

We ask all those that stand with the Palestinian people and our struggle for justice, liberation and return and against colonialism, war and racism to heed this call and to:

- Mobilize and raise awareness against Israel's Apartheid Wall and policies
- Choose a target to focus your action:
- Target your **media**: Ask them to tell the truth about the last 60 years in Palestine! – check out our media briefing on the Palestinian threatened Villages on both sides of the Wall.*
- Target your **political representatives**: Ask them to stand up for justice in Palestine and against the Zionist Walls – check out our activist material on the OECD's invitation to Apartheid Israel and Arms Trade with the Occupation.*
- Target the **business** that supports Israeli Apartheid - check out our activist material on Veolia's and Agrexco's involvement in Israeli apartheid.*
